

AWS CLOUD CAREERS

FLORIDA JOB LANDSCAPE

South Florida + Orlando + Tampa + Jacksonville + remote roles accessible to Florida residents.

MIAMI-DADE

BROWARD

PALM BEACH

FL REMOTE

Entry-level AWS roles to search for

Your first cloud job may use a different title than “AWS Cloud Engineer.”

CLOUD SUPPORT

Cloud Support Associate • Cloud Support Technician
Troubleshoot access, networking and service issues.

CLOUD OPERATIONS

Cloud Operations Analyst • NOC Analyst
Monitor systems, investigate alerts and document fixes.

INFRASTRUCTURE SUPPORT

Infrastructure Technician • Systems Administrator I
Support Linux, networking, backups and cloud-connected systems.

EARLY-CAREER DEVOPS

DevOps Intern • Cloud Engineering Intern
Help automate deployments, testing and infrastructure.

AWS skills employers can recognize

Use your class labs to demonstrate the tasks behind entry-level cloud positions.

CORE AWS

IAM • EC2 • S3 • VPC • CloudWatch

SYSTEMS BASICS

Linux • TCP/IP • DNS • troubleshooting

OPERATIONS

Logs • alerts • tickets • incident documentation

AUTOMATION

Git • basic Python • CLI • simple IaC

AWS SERVICES

SYSTEMS

OPERATIONS

AUTOMATION

Three portfolio projects worth showing

Small, complete projects make classroom learning easier to evaluate.

01 • SECURE WEB APP

Deploy a simple site using EC2 or S3/CloudFront; apply least-privilege IAM and document costs.

02 • MONITOR + RESPOND

Create a CloudWatch alarm, trigger a test condition and write an incident runbook.

03 • AUTOMATED DEPLOYMENT

Deploy a repeatable AWS environment with CloudFormation or Terraform and version your code.

For each project: architecture diagram • GitHub README • screenshots • clean-up / cost notes

Where to search for AWS roles locally

Three counties, several industries, and multiple entry-level cloud pathways.

MIAMI-DADE

Miami • Brickell • Doral • Miami Lakes

Finance, corporate IT, government contracting

BROWARD

Fort Lauderdale • Davie • Plantation • Deerfield Beach

Managed services, support and healthcare IT

PALM BEACH

Boca Raton • Juno Beach • West Palm Beach

Healthcare SaaS, utilities and IT consulting

Search by job function + AWS skill + city; do not rely on “cloud engineer” alone.

Miami-Dade: cloud employer targets

Start with local companies whose operations depend on cloud and secure infrastructure.

BANKING + FINANCE

BankUnited • Blackstone • Ramp
Search: cloud support, production operations, infrastructure analyst

ENTERPRISE TECHNOLOGY

Lennar • Baptist Health South Florida
Search: IT operations, cloud infrastructure, systems support

DORAL / PUBLIC SECTOR

Defense and government contractors
Search: AWS operations, help desk, systems support; check clearance requirements

Broward: cloud support and managed services

Search teams that troubleshoot, monitor and maintain cloud-connected systems.

DEERFIELD BEACH

CSPI Technology Solutions

Search: Microsoft / cloud support,
technical support, operations

PLANTATION + DAVIE

GritHR • healthcare and IT service
employers

Search: platform support,
infrastructure support, security
operations

FORT LAUDERDALE AREA

IT consultancies and MSPs

Search: cloud support technician,
NOC analyst, junior systems
administrator

Palm Beach: healthcare SaaS and utilities

Explore cloud operations teams supporting always-on services and business systems.

BOCA RATON

ModMed • healthcare software employers

Search: cloud operations, technical support, systems operations

JUNO BEACH

NextEra Energy ecosystem • technology partners

Search: infrastructure support, AWS operations, IT systems

COUNTYWIDE

Systems integrators and IT services

Search: cloud support, application operations, junior infrastructure

Orlando: expand into cloud operations

Look beyond South Florida while keeping your search at the entry level.

EMPLOYER TARGETS

Disney technology teams •
aerospace / simulation employers
• IT service providers

SEARCH TITLES

Cloud Support • Systems Analyst I
• Infrastructure Technician •
DevOps Intern

SEARCH PHRASES

"AWS" + "Orlando" + "support"
"cloud operations" + "early career"

Tampa Bay: banking and cloud platforms

Use financial-services technology teams and service providers as employer search targets.

EMPLOYER TARGETS

Citi technology teams • regional banks • managed IT and cloud service providers

SEARCH TITLES

Cloud Operations Analyst •
Production Support •
Infrastructure Support • Cloud
Intern

SEARCH PHRASES

"AWS" + "Tampa" + "operations"
"cloud support" + "Tampa"

Jacksonville: cloud operations in financial technology

Payments and financial systems can be strong environments for learning cloud reliability.

EMPLOYER TARGETS

FIS • Citi • financial technology
and IT support providers

SEARCH TITLES

AWS Support • Production
Operations • Infrastructure
Analyst • DevOps Intern

SEARCH PHRASES

"AWS" + "Jacksonville" + "support"
"cloud operations" + "Jacksonville"

Search statewide — and verify remote eligibility

Expand to other Florida cities and roles explicitly open to Florida residents.

ADDITIONAL FLORIDA MARKETS

Tallahassee • Gainesville •
Melbourne / Space Coast • Fort
Myers

REMOTE FILTERS

“Remote - Florida” • “Remote -
United States”

Check residence eligibility, travel
and time-zone conditions.

BEST-FIT ENTRY TITLES

Cloud Support • Cloud Operations
• Infrastructure Support •
Technical Support (AWS)

A repeatable AWS job-search system

Find stronger matches by combining role, AWS service and location filters.

STEP 1 • ROLE

Cloud Support / Cloud
Operations / AWS Intern /
Infrastructure Support

STEP 2 • LOCATION

Miami • Broward • Palm Beach •
Orlando • Tampa • Jacksonville •
Remote Florida

STEP 3 • QUALIFY

0–2 years / internship • AWS tasks
• location eligibility • employer
application page

Example: “cloud operations analyst” AWS Miami OR Fort Lauderdale

Turn AWS coursework into applications

Focus on proof of skills, relevant employers and a consistent outreach routine.

WEEK 1

01

Choose two cloud role targets. Build six job alerts across Florida.

WEEK 2

02

Finish one AWS portfolio project with a clear README and architecture sketch.

WEEK 3

03

Apply to suitable cloud openings. Customize AWS skills and project bullets.

WEEK 4

04

Follow up, practice troubleshooting interviews and improve your second project.

Your first AWS cloud opportunity starts with a target

Choose one role • identify five employers • show one strong AWS project

SOUTH FLORIDA FIRST. FLORIDA STATEWIDE NEXT.

Search strategically. Validate the role. Demonstrate the skills.
